*\*Water Safety- According to the recent statistics, drowning ranks highest among the causes of accidental deaths for children and youth 0-24. Foster parents whose primary or alternate place of residence is equipped with an in-ground /above ground swimming pool are required to take extra safety precautions with children placed in their care. To ensure the safety of children in our home, (I/we) agree to the following water safety guidelines:*

- Inform DFCS immediately if/when our home fits the above criteria.
- Know or learn how to swim.
- Hold a current certificate in CPR or First Aid.
- Obtain a certificate in Basic Water Rescue.
- Enroll all children 3 years of age and older placed in the home in a swimming class taught by a certified instructor.
- Complete all water safety requirements within one (1) year of the child's placement in the home.
- Ensure direct adult supervision of children when around bodies of water.
- Ensure the compliance with any local or state ordinances regarding pools or waterfront property.
- Secure the entire perimeter of the pool area with a fence and locked gate of sufficient height to prevent the entry of young children.
- Obtain the approval of DFCS staff prior to allowing any child to ride or operate any watercraft.

*\* Note: Homes with ponds, or homes located on waterfront property, are required to employ substantive safety measures to ensure the protection of children in the home.*

*Discipline Policy- DHR/DFCS policy prohibits the use of corporal or unusual punishment on a child in its custody. Children removed from their parents or other caretakers due to neglect or abuse must be disciplined in ways that do not perpetuate the physical and emotional pain experienced as a result of past inappropriate parenting practices. To ensure the safety and well-being of the children placed in (my/our) home, (I/we) agree to the following:*

- Refrain from the use of any corporal or unusual punishment on a child placed in (my/our) home, including, but not limited to the following: spanking, slapping, switching, shaking, pinching, biting, twisting, or pulling; tying with rope, withholding food, force feeding, denying mail; denying appropriate contacts with family, denying contact with worker; degrading child or child's family, or humiliating child; creating fear, anger and anxiety, locking child in a room, closet or outside the home; group punishment or delegating older children to administer punishment; destroying the child's property and any other practices which may physically or emotionally damage the child.
- When managing children's behavior, use the suggested alternative methods (or other effective means of discipline) made available by DFCS.
- Seek on-going information/training to build and enhance (my/our) child behavioral management skills.
- Immediately inform the agency of the need for assistance in managing the behavior of any child placed in (my/our) home.
